Re: Termination of Administrative Order on Consent
Docket No. RCRA-8-99-12

Dear Mr. Will:

Thank you for your progress report dated September 2, 2003, submitted pursuant to the requirements of the above-referenced order (Order). Since there are no longer any known significant environmental risks on the surface of the facility, there is no longer a need for the site security activities required by the Order. Pursuant to paragraph XV.C. of the Order, this letter serves to terminate the Order. By this letter, we are also releasing your client from the ongoing responsibilities for record preservation detailed in section X of the Order.

EPA would like to take this opportunity to thank you again for working so hard to ensure that this facility was cleaned up as quickly and effectively as possible under the circumstances. If you have any questions please feel free to contact Chuck Figur at (303) 312-6915.

Sincerely,
